

# 2009 ANNUAL REPORT

“Every day, nonprofits in Massachusetts make a difference in our state, enriching the lives of our children, our families and our communities. I want to thank the Massachusetts Nonprofit Network for its commitment to the growth and success of these terrific groups.”

-Robert DeLeo, *House Speaker*

To unite and strengthen the nonprofit sector in the Commonwealth through advocacy, public awareness, and capacity building services.

## Logo (redesign)

**2009 marked the release** of MNN's new logo. The squares represent both the eight sectors and the eight regions that support our work. The M for *Massachusetts* and the N for *Network* both touch and bolster the large N, which stands for *Nonprofit*. This illustrates how these aspects of our organization support nonprofits with *Nonprofit* as the premier focus.

## Background (2007 and beyond)

**In 2007**, hundreds of 501(c)(3) and (c)(4) nonprofits statewide began to find their voice and speak as one when MNN was launched. MNN membership is made up of nonprofit members and for-profit affiliate members who work closely with the nonprofit sector. MNN is organized with a focus on the **eight regions of Massachusetts** and the **eight sectors of the nonprofit community**:

### Sub-Sectors

- ❖ Arts & Culture
- ❖ Education & Youth
- ❖ Environment
- ❖ Health
- ❖ Housing/CDCs
- ❖ Human Rights
- ❖ Human Services
- ❖ Philanthropy

### Regions

- ❖ Berkshire
- ❖ Cape Cod & Islands
- ❖ Central
- ❖ Greater Boston
- ❖ MetroWest
- ❖ Northeast
- ❖ Pioneer Valley
- ❖ Southeast

# Advocacy (a voice for the sector)

**MNN works to represent the voice and interests of the nonprofit community** across the Commonwealth to government officials at the local, state, and national level. We also work to educate our members about policy issues that directly affect the sector, including how organizations can get involved in advocacy, comply with new laws, and benefit from government programs.

**Each spring**, MNN holds an Annual Legislative Day on Beacon Hill. Nonprofit leaders from across the state are invited. The day includes training in how to work with your legislator, a briefing on what nonprofits can and cannot do, and a briefing on the issues facing the sector and conclude with legislative visits.

## 2009 policy accomplishments

- ❖ **Burdensome Nonprofit Lobbying Law**
- ❖ **Tax credit for nonprofit employers for health care**- included in federal reform options and State Senate Bill
- ❖ **US Senate Candidate Survey** addressing nonprofit issues

“**The way, things get done, in any state, you just need a large voice, a lot of people behind something, because that’s when people stand up and take note**

-House Ways & Means Chairman  
Charles Murphy, MNN’s 2008  
Legislator of the Year

”

# Public Awareness (bolstering the image)

Paul & Theo Epstein record MNN's first Public Service Announcement at the Boston House of Blues

**One of the most chronic challenges** facing the nonprofit sector is how to educate the public about the importance and effectiveness of organizations across the state. MNN works to increase public awareness of the sector as a whole, and how the people and organizations within it make communities across the Commonwealth better places to live. MNN emphasizes the efforts of those who build strong communities by doing essential work-work that is not just nice, but necessary; being efficient-doing more with less, and being effective-doing good, and doing it well.
