Resume of Shivaji Mitra

Website Quality Control, Web Usability / Accessibility / Section 508 / AAA Compliance Checking, Wordpress Consultant

CSS aficionado focused on developing Web sites that use the most modern techniques for achieving accessibility, branding, and sophisticated usable design. Particularly interested in adapting content management systems using CSS and exploring balance between semantically correct markup and CSS and the consistency and portability necessary for code to work in a CMS.

I am committed to bring web-standards as a real practice and providing web site traffic to the website I built. My Quality Control process ensures that the website gets the attention to detail and accuracy that is essential for your site's success. I will work with your clients to help them maximize the productivity of their websites, by making their sites easy to use, SEO and accessible to all (any PC, any web browser, any language, any monitor resolutions, Mobile, PDA, colour blind/disabled people, Search Engines) and ultimately more effective.

I have solid project management skills and can manage and guide more than 200 design professionals.

Technical Expertise

Performance	Testing, evaluation, and improvement of website performance. Optimization of high traffic, large scale sites (+3000) pages. Usability, Accessibility, Section 508 and W3C AAA consulting. Used BOBBY, CYNTHIA and JAWS for accessibility checking.
SEO and Social Media Optimization	SEO and Social Media Optimization Expert. My continuing goal is to effectively bridge the divides between search engine marketing, social media, and online businesses. Used Google Analytics, Google Webmaster Tools, SEO Elite applications.
Cross Browser Compatibility	Sophisticated CSS and XHTML that works equally well in all modern browsers and degrades gracefully in the aging 4.X browsers, which receive all of the content with simplified style. IE 5.0, 5.5, 6.0, 7.0, Chrome, Firefox, Netscape, Safari, Konqueror, and Opera.
Markup and Programming Languages	XHTML, HTML, HTML5, CSS, Smarty. Working knowledge of AJAX (JQuery/Dojo/Mootools), JavaScript, DHTML, RSS, XML, PHP, Smarty, ASP3.0. Working knowledge of CakePHP, CodeIgnitor PHP Framework. Working knowledge of Google BluePrintCSS. Web2.0 design concept.
CMS	WordPress, Drupal, Xoops, Joomla, CMSMadeSimple, Drupal, DotNetNuke (DNN), ExpressionEngine, TextPattern, Frog CMS, MODx, Pligg.
Ecommerce	Magento, PrestaShop, Volusion, PinnacleCart, Oscommerce, ZenCart, UberCart, VirtueMart.
Software	Photoshop, Illustrator (basic use), Dreamweaver, Notepad++, Microsoft Office, Open Office, Adobe Flash (basic).
Database	MySQL (PHPMyAdmin), MS SQLServer.
Web Hosting and SVN	Apache Web Server, IIS 6.0, Highly skilled with CPanel 11, WHM 11, Parallels Plesk Panel 10, Parallels H-Sphere. Worked with Putty, Filezilla, WS-FTP. Tortoise SVN.
Web Accessibility Evaluation Tools	WAI A, WAI AA, WAI AAA, Section 508, ADA Compliance Checking. HiSoftware ynthia Says™ Portal, Bobby, olour Contrast Analyser, WebAIM's WAVE, TAW Web Accessibility Test, Web Accessibility Toolbar (WAT), W3C CSS Validation Ser ice, W3C Markup Validation Service, IE Developer Toolbar, Firefox Developer Toolbar

Work Experience

M/S. Anblik   2/2003 – Present
125 Santoshpur Avenue, Kolkata, India
Anblik (www.anblik.com) is a leading provider of Web 2.0 accessible web design and web standard website.

Project Manager, Website Usability and Accessibility Checking
Working with a team of designers, researchers, program managers and developers, I created and refined user experiences for many parts of Anblik Web Applications. For instance:

- Developed pure Accessible CMS name Ananyoo. This CMS follows Section 508 accessibility guidelines. This is a feature rich and powerful online CMS which is mainly suitable for universities, governmental and educational sites but apart from this, you can also turn this flexible CMS into a very modern Web2.0 Social Networking Website. Highly intuitive and easy-to-use with lot of freedom as we didn't force content editors to produce accessible web pages. http://www.anblik.com/store/php-scripts/ananyoo-accessible-cms.html
- Help in contributing many open source modules for Drupal, Xoops and Wordpress community. http://wordpress.org/extend/plugins/profile/shivaji
- Successfully single handily executed more than 150 projects from Guru.com with a valuation of $1,80,000 with all time excellent feedback. http://www.guru.com/freelancers/Anblik
- Successfully single handily executed 4 projects from Elance.com with a valuation of $20,000 with all time excellent reviews from clients. http://www.elance.com/s/anblik/job-history/?t=1
- Successfully executed 100 projects from vWorlker.com with a valuation of $15,000 with all time excellent Feedback from clients. http://www.vworker.com/RentACoder/DotNet/SoftwareCoders/ShowBioInfo.aspx?lngAuthorId=556450&Tab=1
- I have not included a long list of website I have developed, but I am including few web2.0 recent design from the list:

Gomark India Pvt Ltd, A division of Gomark Limited, UK   12/1999 – 9/2000
Hindustan Park, Kolkata, India

Gomark is a leading midsized digital solutions provider. With offices in 5 countries, Gomark provides online commerce and innovative graphics solutions.

Sr. Web Programmer and then Project Manager
- Responsible for building e-commerce sites using German's Intershop and Enfinity Suite. A major challenge faced was using InterShop 3 and 4 along with Sybase database as a backend for the e-commerce sites. I have led the team in learning the new technologies and delivering high quality and professional sites while adhering to the timeline and quality requirements.
- Produce site like:
    - http://www.teastall.com (Tea Store by Apeejay Surrendra Group)
    - http://www.verigold.com (NYC based jewellery Trading Company)
    - http://www.gomark.com (Gomark India website)
- Introduced several new practices including use of web-safe colours to ensure that sites looked consistent on both Windows PCs and Macs; HTML validation, templates and end-user testing, to ensure that the e-commerce sites were professional and consistent.
