

Nonprofit 411 Submission Criteria

A Nonprofit 411 is a brief article that provides tips, techniques, and information to help nonprofits function efficiently and effectively. To be considered as a Nonprofit 411 contributor, your article must meet the following criteria:

- Must be submitted by a nonprofit member or affiliate member of MNN*
- Must be concise, well-written, and must not exceed 550 words
- Cannot be an advertising pitch to promote a product or service

The most successful articles will provide innovative techniques and new insights or approaches to common nonprofit issues. Articles will be selected based on timeliness, relevance, clarity of writing, and order of submission. Accepted articles will be archived on the [MNN website](#) as a resource whether or not they appear in the bi-weekly bulletin.

MNN reserves the right to select those that best fit our criteria at a given time, and to edit or shorten material if necessary.
