

Tiny Homes for Homeless Veterans

The Massachusetts YouthBuild Coalition was the proud recipient of a September 11th Remembrance grant from the Corporation for National and Community Service, one of only five recipients nationally. The Coalition decided to take on the issue of homeless veterans, by building tiny homes to help them through difficult times. This grant allows us to build the first two of these homes with the belief that we will be able to build many more in the future for veterans who served their country.
